FINANCIAL FIELDS
Insurance Specialist

TURKISH AIRLINES
Take-Off Sr.

General Requirements

- Place of work is Istanbul, and the assignment is going to be in our Turkish Airlines General Management campus.
- Working order is the normal order, and the work is done in the office on weekdays.
- A good command of MS Office applications and preferably active use of ERP software are expected.

Insurance Specialist

Required Qualifications

- Experience in finance/treasury departments of banks or corporate companies or in technical, pricing, and claims departments of insurance companies,
- To be able to follow up the insurance and claims processes with domestic and foreign insurance companies.

Job Description

- Ensure that Turkish Airlines' domestic and international insurance and policy processes are organized, executed, monitored, the certification requests are met, and the contracts are evaluated in terms of insurance.

- Ensure that the passenger irregularities are evaluated within the framework of the relevant conventions, that the customer/relevant departments are informed, and that the appropriate actions are taken and followed up.

- In the aviation branch, ensure coordination with the insurance companies, brokerage companies on insurance transactions or, upon request, provide support to Turkish Airlines subsidiaries and affiliates on aviation insurance issues.
